Notice of Intent to Lease Real Property

Public notice is hereby given that Wichita State University (WSU) intends to directly lease, and indirectly sublease through its affiliate corporation Wichita State Innovation Alliance, Inc., subject to all required state approvals, an approximate ground area consisting of 150,000 square feet or less with the potential for expansion for parking, for the private development of one or more partnership buildings. This private development shall be located west of Oliver, between 17th and 18th streets, on the Wichita State University main campus. The university is interested in leasing such ground to any individual, organization, or entity whose presence on campus would advance the university’s applied learning vision or its mission as an educational, cultural, and economic driver for Kansas and the greater public good, and specifically an emphasis on supporting and growing advanced laboratories for research, testing, and innovation in data infrastructure/storage, video surveillance storage, IOT, security, analytics, visualization/modeling, and machine learning/AI. The university intends to lease such ground for any period of time up to sixty-five years, but extended terms and renewal options would be considered. Interested tenants will be evaluated on: proposal terms, demonstrated benefit to WSU, design concepts, financial stability, and proposed use. Rental rate shall be assessed per leased or leasable square foot of the building but is negotiable based on term of lease and benefit to the university. The university will consider serious offers and inquiries with detailed proposal terms from any financially qualified individual, group, organization, or company and such offers will be considered until a selection is made or this notice is withdrawn. **Notice to Consulting Firms**

The Kansas Department of Transportation (KDOT) is seeking qualified consulting firms prequalified in category 162 – Long Range Planning for the project listed below. A PDF of the interest response must be emailed to David Lutgen, P.E., Contracts Engineer at [kdot.designcontracts@ks.gov](mailto:kdot.designcontracts@ks.gov). Interest and experience responses are limited to four (4) total pages, and the subject line of the reply email and the PDF file name must read "TE-0486-01 LOI- Firm Name." The letter of interest is required and must be received 12:00 p.m., September 20, 2019 for the consulting firm to be considered.

**Project**

Project number TE-0486-01, Statewide Active Transportation Plan and Economic Impact Study.

**Scope of Work**

KDOT seeks a consultant to lead the development of a statewide Active Transportation Plan and Economic Impact Study (Plan) to: assess pedestrian and bicycle transportation infrastructure, practices, policies, and needs; develop an evaluation plan; make clear the connections between pedestrian/bicycle facilities and safety, transportation, economic development, health promotion, retention of young talent, recreation, tourism, etc.; promote public awareness of the need for transportation choices in all future planning; develop a vision and goals to increase cycling and walking in the state; and develop a plan of action over the course of 10 years to accomplish identified performance indicators.

**Qualifications-Based Selection Process**

No cost or pricing information shall be submitted with the Letter of Interest and will not be considered in the selection process to shortlist or rank proposals. Based on the qualifications submitted in the Letter of Interest and other information available to KDOT, on or about October 1, 2019 KDOT will shortlist up to five firms and notify all firms submitting Letters of Interest of the names of the shortlisted firms by return email. Thereafter, KDOT will issue a Request for Proposal (RFP) to the shortlisted firms soliciting a technical proposal. At KDOT's option, shortlisted firms may be interviewed by telephone conference call or asked to attend meetings or participate in other discussions with KDOT. Technical proposals will be evaluated on the basis of the factors listed below, evenly weighted, to rank the most qualified firm in order of preference as first, second, and third: 1) the quality of the response to the RFP; 2) qualifications and experience of consultant personnel proposed for services; 3) proposed (typical and atypical) approach to performance, data gathering, as well as efficiency and accuracy of services; and 4) past performance history. The highest ranked firm will be asked to enter into negotiations with KDOT for a contract, with compensation provisions for payment of actual direct costs plus fixed fee, subject to an upper limit of compensation. In the event KDOT cannot reach agreement with the highest ranked firm, it will terminate negotiations with such firm and commence negotiations with the next highest ranked firm, and so on, until either agreement is reached for a satisfactory scope of services for a fair and reasonable price, or KDOT decides to pursue other alternatives.

The firm's accounting systems must have the following capabilities before the firm may be awarded a contract.

- Valid, reliable, and current costs must be available within the system to support actual costs and pricing data.
- Capability to provide a means of measuring the reasonableness of incurred costs.
- Capability to identify and accumulate allowable costs by contract or project records which will reconcile with the general ledger.

*(continued)*

- Ability to provide supporting documentation of actual expenditures for each billing, based on costs.

Questions can be directed to David Lutgen, P.E., Contracts Engineer at [kdot.designcontracts@ks.gov](mailto:kdot.designcontracts@ks.gov).

**Directive #19-017  
Watershed Exemption**

This directive is adopted pursuant to the provisions of K.S.A. 79-505(a), and shall be in force and effect from and after the director’s approval date.

With regard to a request for exemption from property taxes pursuant to the provisions of K.S.A. 79-201g and 82a-409, if the county appraiser recommends the exemption be granted, the exemption shall be in the amount recommended by the county appraiser. The county appraiser shall not file the exemption application and recommendations with the state board of tax appeals. See K.S.A. 79-213(e). The county clerk or county appraiser shall annually make such adjustment in the taxes levied against the real property as the owner may be entitled to receive under the provisions of K.S.A. 79-201g, as recommended by the county appraiser, beginning with the first period, following the date of issue of the certificate of completion on which taxes are regularly levied, and during the years which the landowner is entitled to such adjustment.

County appraisers shall not include building value in the amount to be exempted pursuant to K.S.A. 79-201g. The term “real property,” as used in K.S.A. 79-201g, refers to land only. Buildings are not considered part of the exemption for property contiguous to a watershed pond. K.S.A. 79-201g refers to “land” and “real property,” and uses the terms interchangeably. K.S.A. 79-82a-405 clarifies this further as it refers to “land” only.

**Directive #19-041  
Real Estate Sales Valuation Questionnaires;  
Submission Requirements**

This directive is adopted pursuant to the provisions of K.S.A. 79-505, and shall be in force and effect from and after the director’s approval date. The register of deeds shall comply with the following procedures in handling and processing real estate sales validation questionnaires.

1. The only exceptions to the requirement to file a real estate sales validation questionnaire are statutory. K.S.A. 79-1437e(a) provides as follows:

The real estate sales validation questionnaire shall not apply to transfers of title:

- (1) Recorded prior to the effective date of this act;
- (2) made solely for the purpose of securing or releasing security for a debt or other obligation;
- (3) made for the purpose of confirming, correcting, modifying or supplementing a deed previously recorded, and without additional consideration;
- (4) by way of gift, donation or contribution stated in the deed or other instrument;
- (5) to cemetery lots;
- (6) by leases and transfers of severed mineral interests;
- (7) to or from a trust, and without consideration;
- (8) resulting from a divorce settlement where one party transfers interest in property to the other;
- (9) made solely for the purpose of creating a joint tenancy or tenancy in common;
- (10) by way of a sheriff’s deed;
- (11) by way of a deed which has been in escrow for longer than five years;
- (12) by way of a quit claim deed filed for the purpose of clearing title encumbrances;
- (13) when title is transferred to convey right-of-way or pursuant to eminent domain;
- (14) made by a guardian, executor, administrator, conservator or trustee of an estate pursuant to judicial order;
- (15) when title is transferred due to repossession; or
- (16) made for the purpose of releasing an equitable lien on a previously recorded affidavit of equitable interest, and without additional consideration.

Except where an exception pursuant to K.S.A. 79-1437e is applicable, no deed or instrument providing for the transfer of title to real estate or affidavit of equitable interest in real estate shall be recorded in the office of register of deeds unless such deed is accompanied by a real estate sales validation questionnaire in compliance with the provisions of K.S.A. 79-1437c. The specific requirements of K.S.A. 79-1437c supersede the general requirements of K.S.A. 58-2221(d) to record any deed to real estate immediately.

When a real estate questionnaire is not required due to one of the exemptions listed above, the exemption number or reason for an exemption must be clearly stated on the deed. The register of deeds should not make changes to the face of the deed by adding the exemption number or exemption description. (See Att’y Gen. Op. No. 92-122).

2. The division of property valuation supplies a three-part real estate sales validation questionnaire (form

number PV-RE-23) which is required when an affidavit of equitable interest, deed in real estate, or any other instrument used to transfer real property is recorded in the office of the register of deeds. Only counties having prior written approval from the director may use a special one-part version of the form (PV-RE-22- OP). The one-part form is intended to be used in conjunction with image document management systems. Photocopies of the questionnaire are not acceptable; however, filers may submit a computer-printed form. The digital version of the form (PV-RE-22-OP-CG) can be obtained from the Department of Revenue website. Counties accepting one-part forms are required to provide the original document(s) to the division of property valuation unless the register of deeds office has prior written approval from the director to submit document image files of the real estate sales validation questionnaires. Document image files shall be transmitted in monthly sessions to the Department of Revenue File Transfer Protocol (FTP) server.

3. The "total sale price" must be entered on the real estate sales validation questionnaire. If one dollar (\$1.00), ten dollars (\$10.00) or any nominal sale price is entered on the real estate sales validation questionnaire, the register of deeds shall question the accuracy of the sale price as entered. If the grantor, grantee, or agent affirms that the sale price as entered is correct, the deed should be recorded.
4. A real estate sales validation questionnaire is not required on a deed that states "without consideration" or that has one dollar (\$1.00), ten dollars (\$10.00), "love and affection" or some other nominal value entered thereon. "Without consideration" as used in K.S.A. 79-1437(e)(7), means "gift." Therefore, a deed with nominal value entered thereon shall be construed as a "gift," and the deed accepted without a real estate sales validation questionnaire. However, if the phrase "one dollar (\$1.00) [or other nominal value] and other valuable consideration" has been entered on the deed, a real estate sales validation questionnaire is required to record the deed.
5. The buyer, seller or agent thereof may complete the real estate validation questionnaire. The party completing the real estate validation questionnaire must print their name and sign section 13 to affirm the instructions have been read and the information provided is true and accurate. An agent signing the real estate validation questionnaire must also provide a daytime phone number.
6. If a government entity, such as a county, conveys real property, the real estate sales validation questionnaire must be signed by the government official(s) who signed the deed or an agent.
7. Multiple deeds conveying partial interests and filed simultaneously, do not require multiple real estate sales validation questionnaires, provided the real estate sales validation questionnaire filed is annotated to state that the consideration entered thereon is the total consideration for the transfer of the entire interest. The register of deeds shall indicate in the upper left-hand corner of the real estate sales validation questionnaire the deed book and page number range assigned to the corresponding deeds.
8. A real estate sales validation questionnaire with the phrase "other valuable consideration" entered as the sales price shall not be accepted. It shall be returned for the sale price to be entered before the deed, instrument or affidavit may be recorded.
9. The register of deeds has a legal obligation to see that the real estate sales validation questionnaire is fully completed. At a minimum, this requires that each real estate sales validation questionnaire be scrutinized for completion of the identification, telephone, contact and parcel location information and all questions thereon.
10. A real estate sales validation questionnaire without every question answered, including the sale price, the signature and phone numbers of the seller and buyer entered is not "completed". Incomplete real estate sales validation questionnaires accompanied by the deed, other instrument transferring title to real estate or affidavit of equitable interest must be returned to the filer with notice that such deed, instrument or affidavit has not been recorded.
11. Telephone numbers for both the buyer and the seller are required at the top of the form, even if the agent completes and signs section 13 of the real estate sales validation questionnaire.
12. The phrase "made for the purpose of confirming, correcting, modifying or supplementing a deed previously recorded, and without additional consideration," (K.S.A. 79-1437e) is explained as follows:
 

**Confirm** means "to support or establish the certainty or validity of; verify." The American Heritage Dictionary of the English Language, 386 (4th Edition, 2000).

**Correct** means "to remove errors from." Webster's II New Riverside University Dictionary, 314 (1984).

**Modify** means "To change in form or character; alter." The American Heritage Dictionary of the English Language, 1130 (4th Edition, 2000).

**Supplement** means "something added to offset a deficiency, or strengthen the whole; a section added to a document to provide additional data, or to correct errors." Webster's II New Riverside Dictionary, 1163 (1984).

The recurrent theme of these definitions is an incidental change, not a change in substance. In the case of a deed previously recorded, this would mean that the change does not change the grantor or the grantee (although, e.g., a change may be made in the spelling of the grantor or grantee's name). Whatever the change, the intent to convey the real property to a named person or entity is not changed. Also, there can be no additional consideration.
13. It is a misdemeanor to falsify the sale price of real estate transferred on a real estate sales validation questionnaire.

(continued)

tionnaire (K.S.A. 79-1437g). Any register of deeds or other county official who has information or suspects that a real estate sales validation questionnaire has been falsified shall notify the county attorney or county counselor for possible legal action.

14. Individuals may obtain photocopies of real estate sales validation questionnaires if they have statutory access to them (K.S.A. 79-1437f). K.S.A. 45-219(a) provides that any person may make abstracts or copies of any public record to which such person has access under the Open Records Act. Public officials may require advance payment of the actual cost of furnishing copies, including the cost of staff time, to make the information available. K.S.A. 45-218(f); K.S.A. 45-219(c)(1). (*See Att'y Gen. Op. No. 92-38*) Financial institutions can also obtain copies of real estate sales validation questionnaires for conducting appraisals or evaluations that are being conducted pursuant to state and federal regulations. The Internal Revenue Service (IRS) also has access to real estate sales validation questionnaires (*United States v. Martin*, 542 F. Supp. 22 (1982)).
15. Transfer on death deeds do not require the completion of the *Kansas Real Estate Sales Validation Questionnaire* because it does not actually transfer property at the time of filing.
16. Only those deeds to and from a trust and *without consideration* do not require a questionnaire be completed.
17. The register of deeds shall also comply with Kansas Administrative Regulation. 93-4-2.

Approved August 27, 2019.

#### Directive #19-044 Land Based Classification Standards Economic Function Codes

This directive is adopted pursuant to the provisions of K.S.A. 79-505(a), and shall be in force and effect from and after the director's approval date.

The KSCAMA Land Use Codes have been replaced by the Land Based Classification Standard (LBCS) Economic Function Codes. The county appraiser shall utilize the prescribed list of LBCS Economic Function Codes to describe the current and predominate economic function of each parcel of real property. The director may update the list of LBCS Economic Function Codes as necessary without re-issuing this directive. If a parcel of property is not in use on January 1st of the tax year, the LBCS Economic Function Code shall represent the most recent use, intended use, or most likely use of the parcel. The designated position of this data field in the Orion computer assisted mass appraisal system is the Appraisal tab, Property Information section.

These codes are used to compile the annual statistical report of statewide values and respond to numerous query reports prepared for county appraisers, legislative purposes, and statewide agencies. No changes, alterations, or additions to the LBCS Function Codes can be made by the county. Modification requests shall be submitted to the director in writing. Any modifications approved by the director shall be distributed to all counties through a revised set of pages for the following Orion documents:

- LBCS Economic Function Codes
- Residential/Agricultural Improvement Data Collection Manual
- Commercial/Industrial Improvement Data Collection Manual
